

Arizona Weekly Enterprise

FLORENCE, SATURDAY, DEC. 24, '81

Arrival and Departure of Mails.

Eastern and California Mail arrives at 11:30 a. m., and closes at 2:30 p. m.
Pinal, Globe and Silver King Mail arrives at 12 m., and closes at 12:15 p. m.

Office Hours—From 9 a. m. to 1 p. m.; from 1:30 p. m. to 5 p. m., and from 6 p. m. to 7 p. m. Sundays from 11 a. m. to 3 p. m.

Home News.

Sixteen passengers arrived by yesterday's stage.

Don't forget the turkey raffle at the Silver King hotel to-night.

Charlie Lewis has added a large badge to his collection of Arizona animals.

The dining hall at the Silver King will be handsomely decorated Christmas day.

Mr. C. D. Henry and Mr. John Sibbald, of Mineral Hill, were in town Tuesday.

Mr. Wm. Johnson has gone up to Box Canyon to do assessment work for Henry Schochusen.

Thursday was Good Friday, and commemorative services were held at the Catholic church.

Postmaster Henry, John D. Sibbald and Charlie Miles came down from Mineral Hill yesterday.

A. D. Brewster, Peter Scheffel and several other prospectors were in from Mineral Hill this week.

Mr. Leroy Tucker, of Mineral Hill, was in town this week, and in high spirits over the outlook of that district.

Mr. Isaac D. Smith and wife have moved out to the Jessie Benton mine and will reside there for four or five months.

Henry Schochusen returned, Monday, from a visit to the ancient and honorable pueblo, and reports no variation in the run of events at said city.

Mrs. Alex. Goodfellow, of Pinal, was in town Wednesday. He is suffering the inconvenience of a sprained ankle, the result of a fall from a horse.

Mr. U. Wilson will open a private boarding house on the 1st of January. He is preparing to build a dining room about 12x20 feet in size.

Mr. Jack Conley, one of the old-time types of the Pacific Coast, is now manipulating the stick and rule within the shadow of the ENTERPRISE sanctum.

Mr. W. W. Hampton has purchased some mining interests at Mineral Hill, and has employed Mr. G. A. Francis to engineer development work on them.

For choice Christmas presents see the stock of R. Young, Silver King, consisting of novelties, albums, frames, illustrated books of poems, pictures, jewelry, neckwear, etc.

Recorder J. J. Devine went down to Casa Grande Thursday, to meet his sister on her arrival from San Francisco. She will spend the winter here. The ENTERPRISE bids her welcome.

Prof. Blake, one of the most eminent geologists and metallurgists in the United States, arrived here yesterday and went direct to Mineral Hill. The Professor will examine and report on the Alice.

Attention is invited to the advertisement of town lots for sale at Butte, the new town on the Gila river, eighteen miles east of Florence. This is a good chance to secure valuable property cheap.

Mr. Lawson has placed an attachment on the North King mine. His claim is something over \$4,000, and is for money paid out of his own pocket for the company and for his services as superintendent.

The iron cages ordered for the jail are expected to arrive about January 30th. Messrs. Pauly & Bro., contractors, St. Louis, write that they will be shipped January 15th or 20th, and hurried to its destination.

Editor Glover, of the Globe Chronicle, passed through here Saturday, en route to San Francisco, called thither by the serious illness of Mrs. Glover. He reports a revival of business in the Globe district.

Henry Schochusen took his father to Tucson last week and had a surgical operation performed on him. He bore up under the operation well, and has greatly improved since. We hope to hear of his ultimate recovery soon.

District Attorney Summers returned Tuesday from his protracted visit in California. He wears a healthy look. The trip evidently agreed with him in that particular. Mrs. Summers and Miss June will not return to Arizona.

Our young friend, E. J. Reed, of Globe, has been sojourning here for several days, looking after mining interests. We are under obligations to him for assistance rendered in compiling official figures for our annual business report.

Mr. Wm. Denney has gone to Magdalena, Sonora, to visit an aunt who is a resident of that place. Magdalena is a delightful city in winter, owing to the mildness and healthfulness of its climate. The ENTERPRISE wishes Mrs. Denney a pleasant sojourn there and safe return.

Remember the grand ball at the court house to-night. A large number of tickets have been sold, but there will be no lack of room. Supper will be served at the residence of Mr. U. Wilson at \$2 per couple. He has made ample provisions for all that may come. The music will be first-class and the hall will be in good condition.

Mr. F. A. Adams has drawn up plans and specifications for five new buildings to be erected by the Pinal Consolidated Mining Company. Three of the buildings will be located at Butte City, on the river and two at the mine. The drawings have been forwarded to the San Francisco office of the company and will be acted upon at once.

We were shown some very handsome ore, Tuesday, from the Mono and American Girl mines. These properties are located in the Old Hat district, and are owned by H. B. Montgomery, Charlie Weiser and Frank Wilkinson. They are located on the same ledge. The latter is four feet wide and carries galena from wall to wall.

Our townsmen, Hill DeArmitt and Mr. Dodson, returned Tuesday from Cababi district. They inform us that a new stage line has been established between Tucson and the Gunsight mine, via their camp in Cababi. Also that the citizens of that locality have taken steps to secure the establishment of a postoffice at Picacho station.

Mr. William D. Griffin, who has held the position of deputy recorder at this place for nearly two years, left for San Francisco, Wednesday, to visit his parents. He has performed his duties faithfully and well, during that long period, and is entitled to and needs a respite. We wish him bon voyage and a long and prosperous future.

Attorney Stone came down from Pinal Tuesday, to look after some promising copper claims, located about ten miles southeast of Florence. Two or three weeks since he employed two men to work on one of the claims, but upon arriving on the ground Tuesday, found them absent and no work done. Of course, he did not indulge in profanity; no one would with such slight provocation.

Manager Linkton, of the Pinal Consolidated, left for Tucson Thursday, and will go thence to San Francisco. He will be absent about one month. We take this occasion to say that Mr. Linkton is one of the best mine managers on the Pacific Coast, and during the past two months has done more effective work for his company than the average manager would have accomplished in thrice the time.

It is rumored upon the street that a force of fifty men will be set to work on the Specie Paving on January 1st, but we cannot vouch for the authenticity of the report. We know, however, that Superintendent Brown went east with a view to arranging for the resumption of work on the claim at an early day, and it would not surprise us to receive confirmation of the above report.

Some parties coming to the city will persist in falling into the numerous dens calling themselves by different names and find after purchasing, that they are swindled, it is their own fault. Take the little trouble to see Uncle Harris' name painted on the windows of his store. Go first and see him, get his guarantee (written), and you will find that you have bought any article for half store prices. Remember the number, 221 Kearney st., between Bush and 22d.

Hon. Donald Robb, of the Silver Belt, let the sunlight of his radiant countenance illuminate our sanctum this morning. He came hither in quest of mining property for some eastern capitalists, and paid a visit to several of the copper claims, hereabouts. But, owing to the meager developments he could not decide upon the value of the different claims, and did not purchase. He returns to Globe by way of Riverside, and will examine the different copper properties along that route.

Mr. Thos. Cochrane laid off the town-site at Butte City, instead of the Pinal Consolidated company, as we stated last week. Mr. Cochrane is selling town lots at \$25 each, provided the purchaser will agree to expend a small sum in improvements on the same. The Pinal Consolidated will erect extensive water works for their own use, and will supply the town with water. The traveler, a few years hence, will find a flourishing town at the above named point.

It would please us to make each of our subscribers a Christmas present, but we spent all our surplus earnings in paying for buns and beer and groceries consumed by our pious predecessor. Going security for preachers is our strong suit, but we intend to swear off on the 1st, and the next itinerant parson who strays into this neck of woods will have to seek a victim in the person of some other "damphool." The third time, they say, is the charm, and we have experienced our third fleeing by pulpit vandals. No others need apply.

Ben Van Vlack came in from Riverside Thursday, and brought with him a large piece of ore from the cross-cut at the bottom of the 84-foot shaft on the Black Ben. This cross-cut has penetrated the ledge twenty feet, and still the foot-wall has not been reached. It shows mineral the entire length of the cross-cut, and an assay of the ore, made at Tucson, gave a return of \$128.38 in silver to the ton. Messrs. Van Vlack, Elder, Gabriel and Rapp are the owners, and if they hold on till the property is developed, they will realize a handsome sum from the sale of it.

Mr. McEvoy has taken up a ranch on the north side of the river, above Mr. Finch's old ranch, and has made a good wagon road from the stage road on this side of the river to the old Mineral Hill road on the north side. The ford is shallow and has a firm pebble bottom. A four or six mule team can travel this new route with ease. There are no heavy grades and the distance by this road to Mineral Hill is several miles less than by the north river route. The only heavy pull on the route is on the zanja, on the south side of the river, and Mr. McEvoy intends to bridge that point soon.

Mr. J. B. Remy has erected a new adobe house at his beautiful ranch above Florence. The building contains three large rooms, well ventilated and neatly finished on the inside. It is substantially built, and makes a comfortable dwelling house. He has also added one new room to his old house and is preparing to add another. Beside these improvements he is building a large wine cellar, with the expectation of converting the product of his vineyard into wine next season. He has an excellent variety of grapes for wine making and understands viticulture thoroughly.

The Pinal Lodge, No. 4, I. O. O. F., will hold a public installation of the officers elect on the evening of January 6th, to be followed by a grand ball at the Delta Hall. The committees for the evening are as follows: On Reception—H. H. Davis, F. R. Sawdey, Mat. Caveneas, Thos. Thompson and G. A. Stone; Floor Manager—Perry Wildman; Floor Committee—A. J. Doran, P. B. Graham, Robt. Bowen and C. I. Putnam. Tickets, including supper, \$5.00. This will be the most brilliant social affair ever witnessed at Pinal. Expensive preparations have been made for both the ball and the banquet, and the management is in the best of hands.

Mr. F. A. Adams received a package from Pinal, this week, containing a gun of unique pattern. On the stock of said death-dealing weapon is the following inscription: "Presented to Col. F. Adams by the citizens of Pinal, as a reward for his gallantry during the late Indian troubles." Fred will lay the relic away to preserve it for the inspection of his great grandchildren, that they may have some idea of the military distinction enjoyed by their great grand-father. In the meantime, he is quietly laying for the scalp of the jolly joker who sent the gun, and we may have an opportunity to write a mello-dramatic description of a joke with a bloody sequel.

Yesterday morning a delegation of citizens waited on Charlie Rapp, at E. W. Palmer's establishment, and presented him with a belt, in recognition of his recent pugilistic triumphs. Judge Goodwin made the presentation speech and pronounced a grandiloquent eulogy upon the achievements of the redoubtable knight of the ring. The belt is about eight inches broad, bordered with rows of shining gold buttons, and ornamented with pencil sketches of the stirring events in which Charlie was the central figure. One of those sketches shows him in a warlike attitude, with an Arizona stiff lying at full length at his feet. Another represents the Sheriff endeavoring to force the door, which is guarded on the inside by the stalwart Rappley, while Charlie is operating his two-stamp mill on a refractory prospector, with signal success. The front of the belt bears the inscription, "I am the boss. Pat Rapp." Charlie accepted the joke gracefully, and passed out the "calumny juice" freely.

Board of Supervisors.

MONDAY, Dec. 19, 1881.
Board met pursuant to adjournment. Present: Pat Holland, chairman, and J. T. Bartleson. Minutes of previous meeting read and corrected to read that Mr. Allen Whitlow be instructed to furnish necessary bond as roadmaster of Pinal road district.

A communication, dated Dec. 10, 1881, from P. J. Pauly & Bro., jail builders, St. Louis, Mo., was read and clerk instructed to acknowledge receipt of same. Upon motion it was ordered that at the next regular meeting a warrant be drawn in favor of the Silver King Mining Company for five hundred and thirty-five (\$535) dollars, it appearing to the board and the board being convinced that the Silver King Mining Company has over-paid to the collector that amount of taxes. Ayes: Chairman and Bartleson.

Upon motion the clerk was instructed to advertise for sealed proposals to build a jail building in the court house yard, at Florence, Pinal county, A. T. The foundation of said building to be of stone imbedded in the earth ten (10) inches, with eight (8) inches above ground; the building to be 21x24 feet in the clear and 16 feet in height; to have three (3) windows, one in each side and one at the end, 42x36 inches each; windows to be secured with inch iron bars two (2) inches apart, and to have outside shutters; the door to be of two inch Oregon pine, 7 feet by 40 inches, and provided with suitable hangings and lock. Ayes: Chairman and Bartleson.

Board adjourned sine die.

HINSON THOMAS, Clerk.

Sheriff's Sale.

By virtue of an execution issued out of Justice W. H. Benson's court, of Gila township, county of Pinal, Territory of Arizona, dated the 7th day of November, 1881, in a certain action wherein Peter Palmer as plaintiff recovered judgment against the Pinal Copper Company for \$108.61 and costs of suit taxed at \$79.43 on the 7th day of November, 1881. I have levied upon the following described property, to-wit: Mining claims situated in Mineral Creek district, Pinal county, Territory of Arizona, named as follows: Millie, Eremenza, Riverside, Reed, Monroe, St. Julien, Tibbetta, Bilk, Ida Bell, Scorpion, National, and Ray. Also the boarding house at Bolingerville, smelter, mill-site, store and other buildings at Riverside, and quantity of ore near the said smelter.

Notice is hereby given that on Saturday, the 7th day of January, 1882, at 2 o'clock, p. m., of that day, in front of court house, Florence, county of Pinal, Arizona, I will sell all the right title and interest of said Pinal Copper Company, in and to the above described property, at public auction, for cash, to the highest and best bidder, to satisfy said execution, and all costs.

Dated at Pinal, the 14th day of December, 1881.

J. P. GABRIEL, Sheriff.

By J. J. Stewart, Deputy.

Chance for Christmas Turkeys

A raffle for live Turkeys will be held at the Silver King Hotel on Christmas Eve. Terms and manner of the raffle will be arranged by those holding chances. For further particulars inquire at the hotel.

Also Books, Stationery, Periodicals, Pipes,

TOBACCO, CIGARS.

American Flag Notes.

AMERICAN FLAG, A. T., Dec. 15.

ED. ENTERPRISE: In fulfillment of my promise, I herewith furnish you with a few notes which might be of interest to some of the Florentines as many of them are interested in this camp. The present mining outlook is far better than at any time within its history. Its progress is slow but steady, owing to the wonderful developments of the Richardson Mining Company's mines, and through the energy and pluck of this company. The old hobby that the district was a dead-letter is quite dispelled, and every body seems to want a little of Old Hat, judging from the amount of mining that is being done all over the hills. The Richardson company are working on four or five mines, viz: the Flag, Bullion, Black Bear, Oracle and Pioneer, in most of which they are taking out high-grade ore and in good quantities. The company is now preparing to erect two sets of hoisting works, one on the Flag and one on the Oracle. The Apache, belonging to Jack Zimmerman and Sam Parkinson, was lately incorporated in New York. The principals of the company are here now preparing to put a large force on the mine and grade a site for a ten-stamp mill, to be built within the next two months. The purchasers of the Apache copper mine are now placing a large force on the road to be built from their mine by way of Stratton's to the San Pedro, and from there up the river to Benson, which will be temporary for the present to bring in supplies for the mine and a fifty-ton capacity smelter, which will be erected on the mine. The same company also intend to put up a saw mill within twelve miles of their mine, where they have the finest pine timber in Arizona. Mr. E. O. Stratton and Teter have just bonded the first extension of the Apache copper mine for a large sum to Mr. Fisk, formerly of Globe, and Mr. Riley, of the Copper Queen, at Bisby, while on the other side of the mountains things seem to be booming just now. The old Canyon de Oro is constantly vibrating from echoing shots. Every where men are contending with the stubborn earth. Major Bowen has a large force to work on his group of mines. They seem to be good enough for him. A wagon road has been surveyed to the Julius, owned by Mr. Culver and others, of Tucson, and a force of men put on to drive a tunnel through the ledge of some 100 feet in length.

Mr. Wm. Hunton, of Silver Belle fame, and others are rolling out the galena by the ton out of the Ophir, which is a very promising mine, judging from the surface showing. Mr. Hunton is driving a tunnel on the vein which will be 130 feet deep in running 100 feet. Bill says he goes more on her than on the "widder." He says he would rather be lucky than a benedict.

Yours, on the run,
BRUNO.

A Legal Question.

MR. EDITOR:—Can a district attorney bring suit against himself for the recovery of delinquent taxes? TAX PAYER.

Quien sabe? That is one of those things about which "you can't always sometimes tell," as A. Ward used to remark.

HOSTETTER'S
CELEBRATED
STOMACH
BITTERS

In Hosts of Families
Hostetter's Stomach Bitters is as much regarded as a household necessity as sugar or coffee. The reason of this is that years of experience have proved it to be perfectly reliable in those cases of emergency where a prompt and convenient remedy is required. Constipation, liver complaint, dyspepsia, indigestion and other troubles are overcome by it.

For sale by Druggists and Dealers, to whom apply for Hostetter's Almanac for 1882.

Sheriff's Sale.

In the District Court of the First Judicial District, of the Territory of Arizona, and in and for the county of Pinal.

W. J. SIMMONS, Plaintiff,

vs.

THE PINAL COPPER COMPANY, Defendant.

Under and by virtue of an execution issued out of the First Judicial District Court, in and for the county of Pinal, on the 22nd day of December, A. D., 1881, and to me directed and delivered on the 23rd day of December, A. D., 1881, in favor of W. J. Simmons, plaintiff, and against the Pinal Copper Company, defendant, for the sum of five hundred thirty-three and 25/100 (\$533.25) dollars, and costs of suit amounting to four hundred twenty-seven and 84/100 (\$427.84) dollars, and accruing costs.

I have levied upon and shall, on Saturday, the 14th day of January, A. D., 1882, between the hours of 10 a. m. and 4 p. m., of said day, proceed to sell at the Court house door, in the town of Florence, in the county of Pinal, Arizona Territory, at public auction to the highest and best bidder for cash, to satisfy said judgment, cost and accruing costs, all the right, title and interest of the said Pinal Copper Company in and to the following described property to-wit: All those certain mining claims situated in Mineral Creek mining district, county of Pinal, and known and named as follows: Millie, Eremenza, Riverside, Reed, Monroe, St. Julien, Tibbetta, Bilk, Ida Bell, Scorpion, National, and Ray. Also the boarding house at Bolingerville, the smelter, store and other building at Riverside and one lot of near the said smelter.

Sheriff's Office, Florence, Pinal Co., A. T.

Dec. 23, 1881.
